

Jenera Jaani Basha

Data Science Fresher | Machine Learning | Data Analytics

Tirupur, Tamil Nadu, India | 9994316075 | jenerabasha@gmail.com | github.com/jenera123 | linkedin.com/in/jenera-j

CAREER OBJECTIVE

Eager Data Science fresher with strong foundation in machine learning, data analysis, and Python programming. Seeking an entry-level opportunity to apply technical skills in building data-driven solutions while contributing to organizational goals. Committed to continuous learning and delivering high-quality analytical insights.

TECHNICAL SKILLS

- Programming:** Python, R
- Data Analysis:** Pandas, NumPy, Exploratory Data Analysis, Machine Learning
- Database:** SQL, MongoDB
- Data Visualization:** Tableau, Power BI, Matplotlib, Seaborn
- Tools & Platforms:** Git, GitHub, AWS
- Web Technologies:** HTML, CSS, JavaScript

PROJECTS

Heart Disease Analysis — Python, Machine Learning, Tableau

Built an end-to-end machine learning project to analyze patient health data and predict heart disease risk.

Key contributions: Data cleaning; Feature engineering; Exploratory Data Analysis; Model training; Performance evaluation; Tableau dashboard

Crime Prediction System — Machine Learning, Tableau

Developed an end-to-end machine learning project to predict crime patterns using historical data.

Key contributions: Data preprocessing; Feature engineering; Model training; Result visualization

Sales Dashboard (Internship Project) — Advanced Excel, VBA Macros

Developed an interactive sales dashboard using Advanced Excel and VBA Macros.

Key contributions: Automated data processing; Automated report generation; Interactive dashboard development

Credit Card Fraud Detection (Internship Project) — Python, Machine Learning

Built a machine learning model to detect fraudulent credit card transactions.

Key contributions: Data preprocessing; Handling class imbalance; Model performance evaluation

Hospital Management Dashboard — Power BI, Power Query, DAX

Developed an interactive Power BI dashboard to analyze patient admissions, treatment costs, doctor performance, and hospital KPIs.

Key contributions: Power Query; DAX; Cards; Charts; Slicers; Healthcare data analysis; Actionable insights

INTERNSHIPS

Data Science Intern — Skilled Mentor (One month)

Completed a one-month internship focused on data analysis, machine learning, and real-world datasets.

Data Science Intern — Novitech R&D Private Limited

Gained hands-on experience in Python, machine learning algorithms, data visualization, and model building.

EDUCATION

- M.Sc. Computer Science**, RVS College of Arts and Science, Coimbatore | 2024 – 2026 | 95%
- B.Sc. Computer Science**, LRG Arts College for Women, Tirupur | 2021 – 2024 | 87%
- HSC**, Jaivabai Girls Hr. Sec. School, Tirupur | 2020 – 2021 | 72%

CERTIFICATIONS

- Python in Data Science — Infosys
- Data Analytics — Power BI, Tableau, SQL, Excel — Simplilearn
- AWS for Data Science — Simplilearn

HIGHLIGHTS

- Data Science Intern at Skilled Mentor
- Data Science Intern at Novitech R&D Private Limited
- Workshop on "Applications in Business Intelligence and Data Analytics" organized by RVS College of Arts and Science
- Designed an IPL Dashboard using Tableau
- Infosys BPM Soft Skills Training Program
